

Basic budget checklist

- Rent

- Food

- Utilities (electricity, gas, phones/internet, excess water etc.)

- Transport

- Appliance rental if applicable

- Savings. Ideally, put 10% of your pay into a high-interest account for emergencies.

- Fun stuff (e.g. pay tv, shoes, eating out, paintball, fetish-wear or whatever you do for fun)

- Insurance (e.g. health, car, and/or home and contents if you have valuable stuff. If you want contents insurance though, all house members need to contribute, so you'd better discuss this early on.)
