

# Finding a suitable housemate

1. Have you lived with anyone before?

---

---

2. What do you do? (Job, study, hobbies etc.)

---

---

3. What do you do nights? (TV, partner or friends come over, play loud music, suck the blood of the innocents – ok, so the latter's not ideal.)

---

---

4. What's your attitude to smoking/alcohol/other drugs?

---

---

5. Do you want to buy your own food or to share food? What about cooking?

---

---

6. What do you think about house rules and chores?

---

---

7. When are you looking to move in and for how long?

---

---

8. What furniture and other stuff do you have?

---

---
